Summary

Computer Science student specializing in full-stack development. Experienced in building scalable web applications and leading data-driven field operations. Passionate about software engineering, system design, and real-world problem solving.

Skills

Languages: Java, Python, C
Frontend: HTML, CSS, JavaScript, React.js
Backend: Node.js, REST APIs
Database: MySQL
Tools: Git, GitHub, VS Code

Languages

English (C1)
German (A2)
Hindi (B1)

Interests

Software Engineering
System Design
Open Source
Tech Innovation

Experience

Zonal Officer – Bangladesh Bureau of Statistics

Jan 2022 – Aug 2022

- Led a team of 76 enumerators for national census operations.
- Improved data collection accuracy across large-scale field operations.
- Coordinated reporting and ensured timely delivery of datasets.

Education

B.Sc. Computer Science

GISMA University of Applied Sciences, Berlin

Mar 2025 – Present

Higher Secondary Certificate (Science)

Dr. Mahbubur Rahman Mollah College

2019 – 2022

Secondary School Certificate (Science)

Arambagh High School

2017 – 2019

Projects

Library Management System

- Built a Java + MySQL system to manage books, users, and transactions.
- Implemented CRUD operations and database integration.

E-Commerce Platform

- Developed full-stack React + Node.js application.
- Integrated Stripe API for secure payment processing.
- Built responsive UI with RESTful backend services.
